## 3 things to remember

### 1. Pray to understand the Bible

We need God's help to really understand the Bible. We all look at life from our own perspective. In order to understand the Bible, we have to have God's perspective, not just ours. Pray for God to help you understand what you read. And pray for Him to help you apply what you learn to your life. In His grace, He is faithful to transform.

### 2. You need the Holy Spirit to truly understand the Bible

In the book of Acts we'll see the gift of The Holy Spirit given to those who believe in Jesus. In order to truly understand the Bible, we need the Holy Spirit living inside of us and interpreting for us. If you have not yet received this gift which comes from trusting in Jesus, or if you have questions, please visit The Gospel section of this website to learn more.

### 3. Pay attention to context to understand the Bible

Jesus said many things that have now become famous. Many common English phrases like, "turn the other cheek," "go the extra mile," and "man cannot live on bread alone" come from things that He said. Pay attention to the context in which the famous sayings were made, to understand better what Jesus meant.
