

Law

3 things to remember

1. The rules of the Law are about loving God and loyalty to God

They show God's holiness and our sinfulness. They show that sin is so serious it requires death. And they reveal if the people really love God.

2. Everything God's people (Israel) encounter falls into one of three categories:

Unclean, clean, or holy- God is holy and only holy people and things can be in His presence. If the people of Israel want to be with God, they should want to become holy.

3. In the New Testament, Jesus will come and perfectly fulfill the law

By understanding the requirements of the law we can better understand the work that Jesus did in salvation.
